His Revolutionary Love

Synopsis

His Revolutionary Love shows teen girls how a relationship with Jesus can meet their deepest desiresâfrom the need for identity and significance to being seen by someone as beautiful. Featuring personal stories of the author that don't gloss over her frustrations and failingsâas well as stories from teens who are experiencing the pressures, difficulties, and confusion so many young women faceâthis book shows teen girls how Jesus' unchanging love changes absolutely everything. When a teen girl reads His Revolutionary Love, she will:

- â Hear the story of a young girl who discovered the love of Jesus as a teen and, through God's Word, built a foundation of love in her life that has impacted all of her relationships.
- â Read quotes from other teen girls who struggle with self-esteem and acceptance.
- â Understand that Jesus loves her perfectly and unconditionally.
- â Know that Jesus doesn't want her to just serve him; he wants her to accept his love and love him wholeheartedly.
- â Build a solid foundation for her faith that will give her the stability to live with purpose, acceptance, and confidence in who she was created to be.
- â Find guidance for deepening this limitless relationship.

As a youth worker and a mother of three teenagers, Lynn Cowell interacts with teens on a daily basis. While working with youth through one-on-one mentoring, leading teen small groups, and conducting teen conferences, she sees the struggles that teen girls have when they try to live without the truth of God's passion for them as their foundation. Lynn is a part of the Proverbs 31 Ministries' speaking team, where her specialty is teen and mother/daughter conferences. For

more than twenty years she has taught children, teens, and women through Bible studies and mentoring. Lynn leads P31's teen ministry, Radical Revolution, which equips young women to be leaders in their generation through speaking and writing.

I think every girl should read this book and the Devotions book as well! Maybe this country would have a lot less teenage pregnancies and more confident young women who love God first and crave His attention over teenage males, who do not think past the moment anymore than they do. I wish this could have been on my list of reads as a young teenager! The simply truth of God being our first love doesn't sink in without the gospel to back it up and love the fact that Lynn Cowell took the reigns as she listen to God pouring His truths into heart and mind so that she would sit at his feet and write with conviction!

revolutionary [rev-uh-loo-shuh-ner-ee] adjective, noun, plural 1) of, pertaining to, characterized by, or of the nature of revolution, or a sudden, complete, or marked change. I am in those years. I see the girls, the guys and the drama. I've seen so many prematurely give their hearts away only to be broken again and again. I see the yearning in each girl - to be wanted, noticed, admired - to be valued. Little does she realize her value. John Eldredge knew what he was talking about when he said, "Not every woman wants a battle to fight, but every woman yearns to be fought for... She wants to be more than noticed - she wants to be wanted. She wants to be pursued." Too often in this world I have seen so many not realize their value and they put themselves down and spend so much time comparing themselves with other people and some even give themselves away. But they don't know that they are more. They don't know that there is someone out there so madly and deeply in love with them. He sees her and he sees beauty. He sees her and prizes her. He is enthralled by her. But she is so caught up in the world's system that she doesn't even know of this love. She doesn't know about the love that changes everything. She doesn't know the love that calls her and pursues her. In His Revolutionary Love: Jesus' Radical Pursuit of You Lynn Cowell tells of a love such as this. Oh, the thrills I got from reading this book! There is just something about the pursuit of love that excites you to the core! There are so many romance stories out there (and some are actually pretty good, I dare say it.) But nothing will thrill you more than reading this book! Lynn, I believe has truly captured the heart of the subject. I was watching the Lake House the other night and just found myself going "wow, he waited for her all those years. He waited just to see her! He knew that she was all he wanted!" His pursuit (I will admit) made my heart melt. What girl does not want to be pursued like that? And who, while watching this movie, would not put themselves in Dr.

Kate Forster's (played by Sandra Bullock) place. We have dreaming hearts. We yearn for that kind of pursuit! Reading this book, you won't have to imagine anymore, because you are that person being pursued. You will begin to see how the love the Jesus offers is exactly what you have been yearning for all of your life. This love is truly revolutionary. It changes everything. There are three parts to this book. They are: 1) His Heart Toward Me 2) His Path for Me 3) His Hopes for Me. Are you looking for something more? Have you found yourself empty or with a longing in your heart that is not filled? Only the Love of God can fill that place in you. Jesus is in radical pursuit of you. I highly recommend reading this book, ladies! It really will change your life. This love is so amazing. And it never ends. It never fails.

This book is life changing. It is a must read for all teenage girls. It transformed and restored my daughter's life. She had been dealing with some issues that all teenage girls encounter and had fallen off track and her focus was way off. Lynn's powerful anointed words brought her back to her first love, JESUS CHRIST! Seek first His kingdom and righteousness and everything else will be added.

As a mother of twin teenage daughters, this book is like that mentor you always hope and pray for your daughter to have. It is relevant to teen girls especially because of the way sex seems to sell everything and all girls really want is to be loved, not lusted after. I am almost finished reading it myself and plan to use it as summer reading with my girls. I am hoping Lynn has the opportunity to write a similar book for women.

I bought this book as a gift for my daughter and it was very appropriate. This book is the kind in which you can identify yourself. It brings encouragement for your daily life and circumstances you can be facing, with a Biblical approach. It's great!!

I am so excited to have you read His Revolutionary Love. Every page of the book shows the passion that Jesus has for you. The format of the book gives you an opportunity to meditate, study and pray. God comes right off the pages into your heart. I recommend highly this great book. Teens, their Moms and all women would benefit greatly.

Great book!

This book is amazing, it is inline with what every teenage girl goes thru during the teen years, reading this book will help change your perspective on how view your relationships , and God is our one true love!!
