Crossing The Line (The Rosewoods Book 10)

Synopsis

The school year is winding down at The Rosewood Academy for Academic Excellence, but Brooklyn Prescott is nowhere near ready to leave her friends behind to go home for the summer. Also, there's that unfinished business with Brady--she can't leave for the summer with how things are between them now. But how is she supposed to get through to him when he won't even talk to her to let her explain? Not to mention that he's moved on and found someone else, a mystery girl that no one knows. The best Brooklyn can do is try to put it all behind her and move on. At least she knows that when she's ready, there's someone in the wings waiting for her, someone who makes her laugh and wants to spend time with her. He may not be Mr. Right, but as Brooklyn's friends tell her, maybe the distraction of Mr. Right Now is just what she needs. And then there's her writing project with Celia that will hopefully help get her mind off her mess of a love life. Maybe creating a book boyfriend will help her get over the real one that got away. Can she make it through the rest of the year without getting her heart broken again? Crossing the Line is the tenth installment of The Rosewoods, an exciting Young Adult series for readers who love fun, flirty love stories.

Customer Reviews

An excellent ending to the first Rosewood series. We get a lot of development and a happy ending for Brooklyn, with many things coming full circle from the prequel and other books in the series. We get to see all the girls and their boys becoming closer friends. I loved how much ground was covered here, through the end of the school year, with the school Olympics, the play, parents visiting, and the last night before summer. My favorite part about the series is the girls being such great friends and role models to teen readers - no mean girl drama, no drinking and sex, as in some other YA books. I will be rereading this series in the future and look forward to other Rosewood books coming out. Big thank you and big hug to Katrina for sharing her fun and engaging stories with us readers!

So much needed to be solved for many of the characters in this series and this book makes just that, it brings closure needed for the next step or for growth. Not always what one expects but it still offer solutions...

Omg best ending ever best book series ever I love that she can stay during the summer omg omg omg

I really liked all of the books in the series but was a little disappointed that she ended it before Sr. Year. Kind of lame

I loved this series. It was relatable and kept me wanting more.

Started out kinda slow but definitely gets better.

really enjoy this serious - great read

This was the best final book ever! What a sweet series! I'd recommend it to anyone. I thought it was going to be about Brooklyn, but the way Katrina wrapped everything up was amazing!The shear

number of HEA's in this series was fantastic. I just wish that there were more books in the series...to follow senior year at Rosewoods. But this book was a beautiful ending. I'm looking forward to the next series "Rosewoods Rock Stars", following Wiretap! Thanks for a bunch of hours of really great entertainment!!
