I am a preschool teacher and I bought this book as a gift for my 1 year old cousin. The book is best for 2-5 year olds but simple enough for all ages to listen to. What is nice about this version of Little Red Riding Hood is that nobody gets killed. The book also starts with information about how Little Red Riding Hood got her red cape that she wears EVERYWHERE. This makes Little Red Riding Hood a character that most children can relate to. The book is physically a little larger than most and the pages feel thicker and more durable than most paperback picture books. I bought this along with Little Red Riding Hood puppets, it was a great add-on to a fun gift. Giving the puppets and book is great because it encourages interaction between the child and their caregivers. My cousin also has a 3 year old brother, so this is a gift the whole family can enjoy together. I hope my review has helped you make a good purchase for your family or friends.

A darling book, and great quality! The wolf no longer meets his demise at the hands of a nearby woodcutter, but I suppose that's all for the best! My 3-year-old granddaughter loves this book and the others in the series, and I don't tire of reading it to her again and again.

Cute book. Glad that in this new revised story, no one dies. Bought it for my 2 year old granddaughter but I could not get her to sit through the entire story because it's more wordy than most of her books. Will wait until she is a few months older.

Cute book. I bought it to go along with a Big Bad Wolf toy-it told the story, but in a non gruesome way. Good for younger kids.

My 4 yr. Old and almost 2 yr old love it.

Classic story and fast shipping.

I purchased this book for my 2 year old because I've always loved this story as well as the other Brothers Grimm stories. I don't like subjecting my daughter to negativity so the way this book was written was ideal. The only reason why I'm giving this book a 4 out of 5 star rating is because it wasn't written just like the Brothers Grimm version that I myself love. Another thing I love about this

book is it's one out of a collection of books. You can get Rip Van Winkle, Three Little Pigs, Jack and the Beanstalk, Goldilocks, Big Red Hen, etc etc and all of the books match allowing you to have quite a large library of these books alone. Not only that, but they're all sold at such an affordable price. So far, this is the only book I've gotten out of this collection, but I am definitely going to be purchasing as many as I can find. The illustrations are great, the story is great and perfect for your little ones. It allows children to love these stories as such a tiny age so they can appreciate and enjoy the real versions once they're older.

A very fun book to read. We love the colors and the drawings. We read this book to my daughter every night before she goes to sleep. She loves it and we do too...we recommend this book to every parent.
