# Rock And Roll Stories

## Synopsis

The story of rock lives in Lynn Goldsmith's photographs. After coming of age in the Midwest in the tumultuous 1960s, she crashed the music scene in New York and emerged as one of its leading image-makers. She chronicled Bruce Springsteen's passage to glory, the Rolling Stones' legendary stadium tours, Michael Jackson's staggering ascent, U2's arrival in New York, and the brooding force of Bob Marley. Culture heroes like Bob Dylan and Patti Smith became frequent subjects for her lens. The range of her work is staggering. In *Rock and Roll Stories*, she shares the best of this work. Her commentary takes the reader into the studio, the tour bus, the concert hall, and the streets where the pictures were made, offering revealing perspectives on her subjects and herself. A greatly expanded and newly designed edition of her very successful book *PhotoDiary* (1995), this volume captures the story of a generation's loyalty to rock and roll.

## Customer Reviews

I have been a big fan of Lynn's for some time now, and was glad she put out another book. I already had her first. As a pro photographer it is nice to get into the head of other photographers and to hear

their stories. Lynn is a great photographer and a wonderful storyteller. She is one of the best of an era! Very enjoyable book.

As a photographer I really enjoyed the photos. As a fan of rock and roll, I really enjoyed the little stories that went with the pictures. I will look at this book over and over again for years to come.

I came across while shopping on internet something I didn't need had to have no regrets a wonderful gift to myself & a great coffee table book. I've shared with friends who love all music especially from the 70's 80's 90's etc. good times.

I love this book so much. I remember seeing Lynn's photos in lots of rock magazines and wishing I had her life, rock star boyfriends, etc. I also really love the anecdotes she included. How fun! A must have for any music fan!

I gave this book to a musician recuperating in a hospital. He really enjoyed the photos and short stories that went along with them. I enjoyed them as well. I would recommend this book to anyone who likes Classic Rock.

I thought there'd be more detail, and more about Springsteen. The writing was a letdown.

Lynn Goldsmith is one of Rock and Rolls (and all music really) great photographers and this book showcases a lot of great great artists and bands. Its coffee table book quality.

My brothers loved this Christmas present. They are the hardest to buy for -- and I startled them with a book of unseen backstage photos. Amazing photography!
