Shipping Weight: 9.6 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars 31 customer reviews

Best Sellers Rank: #113,037 in Books (See Top 100 in Books) #64 in Books > Children's

Books > Sports & Outdoors > Football

Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

Love, love, love that Steelers have an ABC book! Very cute book, and convenient size to pack in a purse or diaper bag. It is definitely not the primary book you would use to teach your child the ABC's. All of the letters and coordinating words are football related so sometimes it is not a practical reference. For example, X=defense. The book also gives additional words not relating to football. Under X it also says X-ray. So even though most of the words inside won't be in the 1st 100 words book it is still a very nice book to have. The quality of the pages is exactly what you'd expect out of a board book.

Recently purchased this book as a gift for a friend who has moved away from Pittsburgh in the hopes of finding something useful that would remind her of home as she welcomed a new baby. Even though the book is amusing enough for grown ups, the layout is jumbled and the words are too difficult for little ones (I is for Immaculate Reception, really?). If you are looking for a gag gift or

something to amuse the parents, this book will suffice. if you're looking to provide something they can also use with the kid, perhaps find another option.

It is what it is. My family loved it as much as my little grandson. Happy that little Steeler items like this are available and affordable. Every SteelerNation fan with little kiddos need a copy of this ABC book!!! This one stays at Nana's house.

I really like this book but it is a lot smaller than I expected it to be. That's mostly my fault I guess for not paying attention to the measurements. I gave this as a gift for my friends one year old. They are huge Steelers fans so they loved it.

This is a very cute book and we love it for our collection. However, it really isn't made to be a children's book. There are pictures and players that are very challenging to pronounce and understand what they are. It's a good one to get for older kids or collections.

The whole book is about football and the Steelers its adorable

My family is big fans of the Pittsburgh Steelers so this baby/toddler book was the perfect addition to our son's book collection. The board book is sturdy and has great images that babies will appreciate. Then it transitions well for toddler's/young kids who can read the alphabet.

Love anything steelers bought it for my granddaughter
