This was a good book for those who are not computer wizards.

It is a great help to me. I'm still reading and still learning

Yes it was very helpful in the basics which I lacked. It gave clear step by step instructions. However, it doesn't cover how to use window accessories such as paint, notepad.

Lots of great tips.

excellent book for beginners

Excellent. The book arrived in tact sooner than expected. Thanking you! - Jack

must be good still learning stuff
