Great concept. The coloring pages look like they are from a child's coloring book. I would have given it 5 stars if the coloring pages were better and took up more than half the page.

This entire Pencil Me in series is a rip off of repeating, free images stolen from free Kindle books! needs to hire me the keep this junk off their website! What a waste of time, money, returns and copyright infringement to boot!

Page after page of nostalgic artwork that makes me wish I could go back in time to a simpler era. I am looking forward to taking a few moments here and there to slow down and enjoy putting color on

these wonderful pages. I know my daughter will enjoy helping me too as we create some memories and enjoy these all-too-fleeting moments we have together.

All my friends are coloring these day and these books have made shopping for gifts so much fun. You can't beat the quality, price and all the pages in one book. Fantastic!
