Customer Reviews

I can't say enough nice things about this slim little cookbook. First, every recipe I've tried has been stellar -- and I've used the recipes with several dinner parties to rave reviews. Second, I appreciate the organization. Sarich classifies every recipe by seasonability of ingredients, cost of ingredients, and time needed for preparation...very helpful features that I wish more cookbooks shared. Third, I like the lay-flat spiral binding, which makes it handy to use. Fourth, the presentation and photography are beautiful. Interestingly, I've bragged up book to several out-of-town guests, and they've purchased the book (even though they don't live in the Pacific Northwest). Additionally, the indices at the back of the book include wine and food/herbs/spices pairing, wine descriptions, and useful lists of ingredients to have on hand depending on what type of cuisine you tend to cook.
