# Carponizer Carp Fishing Calendar 2017

## Synopsis

Carp Calendar The 2017 Carponizer Carp Calendar is certainly one of the most extraordinary ideas of how this magnificent fish can be presented in an appealing setting. Carponizer has once more managed to courageously make every month of the year that little bit more special. Twelve magnificent carp steal the limelight in 2017, accompanied by women who are no less attractive. For this impressive outcome, twelve major carp had to first be carefully caught. During the photoshoot, two competent caretakers ensured that our scaly protagonists were well taken care of. Of course, it was also important to ensure that our enchanting human models felt as comfortable as possible in both wet and dry scenes. The impressive result of the photoshoot was twelve formidable and unmissable images for the 2017 Carponizer Carp Calendar. This calendar is a true "must have" for any passionate angler and lover of fish. These moments are aesthetically and artfully staged in the 2017 Carp Calendar, and don't just appeal to anglers in particular. The individual images are perfect as purposeful wall décor too. Whether for yourself or as a tasteful gift: the 2017 Carponizer Carp Calendar will not only make men's hearts beat faster. High-quality images call for an elegant frame at the very least. The 2017 Carponizer Carp Calendar was therefore printed on high-quality offset paper upgraded with printing varnish. Spiral binding ensures a visually appealing joining of the 30 x 45 centimeter sheets.

Catching a chubby carp to keep as a fun pet is all the rage now, I have one and I dress him up as a shark and let him ride around the house on my roomba (I should put that up on youtube...) Anyways, I used to be lonely due to my shyness, but since buying this amazing calendar, I've had so many womens find me irresistible, now I find myself with more girlfriends than I know what to do with, they usually come over to cuddle and pet my chubby carp (did not know how much of a chickmagnet carp were). I recommend getting this calendar, you might even have the great life I now enjoy: chubby carp chillin' on the roomba and hot dates that come over just to cuddle with my chubby carp which means I get all the nakked hugs I can handle. I would not have such a charmed life otherwise, It's great!!!

This was purchased as a gift and the response was great. We were all cracking up and really enjoying the fun nature of the calendar. Although, the product does claim to be a calendar, and while it does have a small area on the bottom corner where the days and numbers are laid out, its not really functional as a daily calendar, no squares for filling, etc. Not sure anyone is buying this product for that reason, but it was my reason for 4 stars :)

Bough as a gag gift for my brother. He got a good laugh from it, the quality of the calendar is actually good. The photos are well... what they are...

The lulz for this purchase are never ending. Thank you Germany, thank you.

It's Girls....and Carp.....pretty much everything you would want from a "girls..and Carp" Calendar. The Young ladies are lovely, the Carp are large, but look sort of confused. I;d subtract a star for the calendar part, which is tiny and hard to read.....but...it's a calendar..... with Girls.... and Carp...so.....

I bought this for a white elephant gift and it was by far the most popular. It might seem a little expensive, though paper and printing are of very high quality material. Plus I love seeing some of the girls expressions when holding the carps, especially the one that didn't really want to and are grimacing... haha!

Bought this as a gift and my friend not only loves it but talks about it all the time. Not to mention posts a picture of it every month so we know what he's looking at. Great gift for a fisher!

Nice A++
