Truth Triumphant

Synopsis

The prominence given to the Church in the Wilderness in the Scriptures establishes the existence of such an organization and emphasizes its importance. Truth Triumphant brings together a comprehensive narrative of the Church in the Wilderness in different countries. The cumulative historical proof has opened new doors in which God has a prominent place and throws strong light on the history of God's people from 538 to 1798, a period of time when God's leadings remained hidden by intolerance and falsehoods.

Customer Reviews

A most amazing and informative historical outline to prove that the "the gates of Hell will never prevail against God's church." As it outlines God's true, commandment-keeping church, from Asia, the Middle-East, and Europe, and well documents Satan's assaults yet gives faith to those expecting to survive last-day events.

This book fills in blanks of God's remnant church following the apostles through the Reformation. God has always had a remnant church filled with a people that love Him, hold the truth dear to their hearts, keep His commandments, and have the faith of Jesus. Many of the leaders of the evangelism of Christianity to the world mentioned in this book have seldom been mentioned in other historical books or books about this subject, and sometimes even their achievements have been misrepresented. Recommend reading this book to those that are seeking the truth.

Haven't finished it yet, but have enjoyed the history. This is a very comprehensive history about how the Christian religion started from the apostles & who were faithful to the truth & who weren't & how Satan tried to defeat the truth, but how it has continued to be true to what God wants. Very interesting.

Very interesting

Well the Truth Triumphant: The Church in the Wilderness, has been every helpful for me in my studies. And I thank you for it. God's Blessings, Donald Dorsett

Excellent book

This is wonderful church/Christian history! Everybody needs to read this to understand what is happening right now.

Great for the history of the church during the dark ages and it reveals the obnoxious claims of the universal church.
