## **Customer Reviews**

Alastair Sawday's, one of the most trusted guides to high-quality places to stay in different countries. *The Telegraph*

Alastair has built a team of talented editors who are as committed as he is to the search for authenticity and personality in places to stay. They are also 'driving' the world's first carbon 'neutral' publishing company; the search for a reduced ecological footprint is a serious one. The company has won The Queen's Award for Enterprise in the Sustainable Development category, an award from Business Commitment to the Environment and a Green Apple Award and moved to its own eco-offices in January 2006.

A small, but packed with information book. Its highly recommended of anyone wanting a unique travel experience through The Cotswolds, with accurate and concise info.

Much harder to find what you are looking for than an actual book. Requires too much scrolling back and forth.
