# The Reiki Bible: The Definitive Guide To Healing With Energy

## Synopsis

Reiki practitioners have unlimited access to healing energy for themselves and others. For this reason, it has quickly spread across the globe as people use it to cure ills, soothe emotions, and live the life they want. The Reiki Bible provides a comprehensive, stunningly designed guide to this ancient spiritual system. It covers Reiki's origins and development; the energy and body systems; and the three levels of Reiki. All the hand positions appear in easy-to-follow captioned photographs, and there's advice on using Reiki for friends and family; at all life stages; for health and well-being; for alleviating common conditions; and in tandem with other therapies.

## Customer Reviews

I teach Reiki and find the Reiki Bible an excellent, easy to study book and is also complete so no need to buy other Reiki books. The step by step illustrations are very explicit and easy to apply, my students are very happy to study this book.

Just a wonderful book to learn the history of the Reiki Teaching and how it has originated to the United States. Teaches you Proper technique and gives you the understanding of how to do Reiki Properly. A must have for beginners and person who have studied reiki for years or even decades, This book has it all.

Very comprehensive & easy to read. As a reiki master I especially enjoyed the down to earth "egoless" approach. I will be adding this book to my suggested reading list.

Beautiful book! I recommend to all Reiki practitioners, at any level! It's comprehensive and covers many aspects of the practice! I love these "bible" books! Haven't had one I didn't like yet!

An extremely detailed book with much more info than the standard beginner's guide. Beautifully illustrated. Recommended.

Used this to train my Reiki students. I have already ordered and given away 3 for gifts! Excellent book. Love the colored pics and the explanations. :-)

Enjoying reading new things. Received it fast.

I'm a first and second degree Professional, its a good reference book about the history and with the different ailments how you can treat them.
