Romance, Emotion, And Erotica Writers' Phrase Book: Essential Reference And Thesaurus For Authors Of All Romantic Fiction, Including Contemporary, ... Suspense (Writers' Phrase Books) (Volume 7)

Synopsis

Instantly write better romance! Contains over 3,000 sizzling ways to describe flirting, romance, and making mad, passionate love! Not only that, but it shares how to have your characters experience a full range of wild emotions, everything from the heartfelt to the heart-rending. Use it anytime you need to spice up a romantic subplot or sex scene in any genre (not just romance!). This book will teach you the secret language today's top-selling romance writers use to craft their hottest scenes. And unlike other romance writing books, this one includes sections on paranormal and science fiction romance: everything from aliens to werewolves. Whatever your style of romantic fiction, this book is the perfect guide to bring your creativity to life!

Customer Reviews

"As a romance writer, I found this phrase book helpful. It gives examples of emotion and romantic scenarios without using the same terms over and over. I had fun playing with them to fit my own writing style!"--Tammy Tate, author of *The Spirit Path*"This is a great book with hundreds of different phrases and long vocabulary lists... It doesn't matter what genre you write--romance, murder/mystery, action, sci-fi, fantasy, horror, etc.--there are lots of phrases to inspire any author. I will definitely refer to this book for whenever I need to add some spice to my books."--Amber Daulton, author of *My Valentine Adventure*"A great reference book, especially for an author who's experiencing writer's block. ...I highly recommend it."--Natasha Lane, author of

Waiting for Mistletoe" This is such a helpful book for romance writers. [It's] an unlimited source of inspiration." --Tracey Pedersen, author of the Finding Sweet Love series

If you're a romance author and need to add some zing to your story try this really clever book full of descriptions for writing romance. I really liked how it didn't cover just the usual contemporary romance stuff I was expecting but it also had useful sections for historical, paranormal, and science fiction romance. It even has a romance thesaurus for most genres. A nice surprise, plus more.

Just the book I've been looking for. I feel like a better writer already!

great reference book! Wish it focused mainly on the intimacy than stuff from other books!

Interestingly, this book gave me both less and more of what I was looking for. This book has 138 pages of tags (plus other pages) but over 30 of those pages appear to have little to do with the romance genre. Tags for everything from Aliens to Angels, Werewolves to Energy Beings appear to be taken directly from Mr. Chase's Science Fiction or Fantasy/Supernatural phrase books, and are not tweaked to fit the romance genre. On Romance specific tags, the author delivers what's promised. However the marketing of those 30 plus pages as sci-fi/paranormal romance seems to be hyperbole. Only 2 pages of them appear to be specifically tailored to sci-fi romance. In many of his titles, the author notes that there is overlap between each book, but that still doesn't prepare you for how much identical content there is. Basically this appears to be vertical marketing -- selling much of same material to different niches. Unfortunately, writers cross genres. (On the plus side, I was interested in Science Fiction or Fantasy but didn't get them because of the overlap. Now, I have no need for them, because so much is covered here, though I don't know why.) What's great about the Romance version -- and why I bought it before being able to see its Table of Contents -- is that I guessed correctly that it wouldn't contain the same "blades, bludgeons and other weapon" tags that appear seemingly through the other editions.

This is a great thesaurus for any writer looking for a little nudge to kick off their own erotic stories.

Anything from plain old romance all the way to paranormal!

It is helpful in my writing when I can't think of what I want to say

Very Helpful! Will be a frequent go to reference.

A great reference book, especially for an author who's experiencing writer's block. Writing a scene is simplified with this great read that includes the rules of romance, varying types of thesauruses that can be applied in writing, and a whole lot of setting specific phrases. I may not agree with each rule listed, however, as a romance author myself, I can see the great value in this book. The Action Thesaurus in particular seemed very useful. Also, though some of the phrases may come off as cliché, there are so many others that are original. If you're not into the copy and paste sort of game (which I can understand), then use the phrases to spark some inspiration. All in all this was a great read and I highly recommend it.
