First, I love Ms. Anderson's books. I have read everything she has written under all of her pen names. This series should have ended many books ago with Kindred 8: SHADOWED. The heart is just not there anymore. In the last few books, the female characters have been so annoying and weak minded. In the last book, I wanted to love Charlie, but she devolved into another blah, stupid female character that can't enjoy sex and act intelligently. At least in this book Charlie was more interesting and acted heroically. As for this book's main character, Trin, she is too selfish, cold, and unsympathetic to care about the hero as quickly as he learns to care about her. He is willing to prove his love by sacrificing himself again and again, but Trin only wallows in self-pity. She never considers anyone but herself. Even her desire for self punishment is all about her. Enough already. We have had this same theme explored with Sophia, Maggie, Becca, and Lissa. The problem with the female characters in the last few books is that they are so boring and guilty feeling about EVERYTHING. The scenes in which Trin is tortured last too long. The constant guilt and desire for self-punishment made me angry and nauseated. It was just too much. Honestly, I skimmed most of this book. The sex scenes were repetitive, redundant, and boring. Why can't we read about an interesting, independent woman that has never been beaten, raped, or traumatized who does and says clever, witty things? I thought Thrace was one of her best heroes in the Kindred series, although Baird, Sylvan, Merrick, and Xairn are still my favorites.

The first Anderson book I read was the first Kindred. I devoured it, immediately read the second and then started looking for anything with her name on it. This is the first Kindred story in 7 books that reminded me of why I started reading her books. Well thought out, deep characters, drama and actions. Oh and a story line you can follow. There are problems. The same descriptive phrases being used 50 times (apparently Anderson couldn't come up with anything other than "creamy brown skin" to describe the main characters skin tone). The steamy scenes have the same problem. She's been using the same descriptive phrases repeatedly throughout the last few books. Silly...really. Maybe it's time for a muse. Or maybe time to write something other than Kindred. Maybe finish one of the series that's been put on permanent hold since the Kindred bomb dropped. I'd love to know what happens in Ruby Shadows.

Overall Rating: 4.5 Rockin'!

What would happen if a slave and his mistress fell in love? What if they were from two very different worlds, one all female and one all male? Could it really work out? Enslaved book fourteen in the Brides of the

Kindred series by Evangeline Anderson, once again brings us to the collectively created world of Kindred Warriors, strong women and bonds created by the Goddess herself. Continuing the storyline from the last novel, we are thrust into a story that will have you in stitches one moment, in tears the next and yearning for more until the very end. Ms. Anderson's creative mind will blow you away as you read page after page. The visions she develops, both captivates and inspires. Thrace Safford is a Havoc. The Havoc long ago were a part of the Kindred race, but renounced their partnership and declared never to bond with any female. The Havoc much like the Kindred are huge males, who protect those they care about. When Thrace was young he was sold as a slave. It was a dark and horrific experience for him. However, after finding himself on the auction block again he vows to kill whoever buys him. Then he meets his new mistress, Trin and unwillingly, everything changes for Thrace. Lonnara Trin is from Zetta Prime an all female world. She is the captain of her own ship and has found herself in need of a male for business purposes, of course. Trin must acquire a male from the Flesh Bazaar to serve as her slave so that she may sell her goods to a dominating sister world, Yonnie Six. Instantly when she sees Thrace up for auction she is drawn to him. Although she doesn't understand this desire he creates in her, they set out on an adventure that only the Goddess herself could've predicted. When push comes to shove, Evangeline Anderson delivers time after time. Her masterful art of penmanship has me enthralled as a reader. I can't seem to get enough of her Brides of the Kindred series. This book as well as the rest of her series is a must have in any library. With every word and every page I become more deeply entrenched in her novels. Hoping that the stories will never end. I can't wait to see what happens in the next novel.

Except for the Heroine so called religious beliefs irritating me and dragged on too long I almost stopped reading. BUT I kept on because I connected with Thrace and wanted his happy ending. Thrace is a deeply scarred honorable male, I admired his devotion, not to mention Sexy as hell. Should have been more intimate moments between them but her crap (beliefs) almost ruined the story. Sorry but I couldn't care less about Trina. This was my 1st kindred book but not my last I'm definitely curious and look forward to reading some of the other books in the Kindred series.
