Average Customer Review: 3.9 out of 5 stars 9 customer reviews

Best Sellers Rank: #1,124,553 in Books (See Top 100 in Books) #14 in [Books > Travel > Europe > France > Dordogne](#) #1509 in [Books > Travel > Europe > France > General](#) #2808 in [Books > Travel > Reference > General](#)

## Customer Reviews

Reliable, readable Rough Guides Conde Nast Traveller

The Rough Guide and similar guides have not figured out that they need to republish more frequently -- say, every year -- in order for their recommendations and descriptions to be relevant. Also - need WAY more practical information for me to carry this heavy book around. Overall, the book needs to not pretend that their only audience are Millennials who love tiny print because they style of the book is definitely not millennial. Needs a re-think and re-editing.

Great guide, gives good sense information. Just what you need to plan your trip and decide what you need to see and what you can skip. It doesn't always agree with the Michelin ratings, but that's to be expected with ratings.

Full of information. Tremendous help in planning a trip to the region. The area offers prehistoric stone painting and medieval chauteaxs

Don't get this book on your i-pad or phone. It is difficult to page through.

Very practical and well written.

An excellent comprehensive guide to the Dordogne.

Guide was easy to use...and the area is a wonderful place to visit!

This guide would be better if the maps were more clear, but I felt that I didn't miss a thing on my trip.
