## Customer Reviews

Becoming a top-producing real estate agent requires years of experience and practice. But who can afford to wait for that first commission check? Up & Running in 30 Days will help you make a sale within the first month of your new real estate career. --This text refers to an out of print or unavailable edition of this title.

This book was a waste of money! The forms and checklists are great, but it lacks a lot of other important information. I would suggest "How to List and Sell Real Estate in the 90's" by Daniell Kennedy, it is very motivational and packed with excellent information.

I ordered the 4th addition and only received the Third addition of this book. I did not notice it until I had already opened it. I was disappointed with this issue.

Very instructive

My husband really like this book.

Great publication and should be in every realtor's hand

Great for New Agents looking for Step-By-Step actions, but doesn't consider the do-not-call laws. Beyond that, a good starting point for new agents.

I'm fairly new to real estate and I just received the book but I am quite optimistic to it helping me to be successful.

Great resource all around!
