The author has done an incredible awesome job in compiling and creating this book. This book is really a great resource for kids those who want to learn more about 300+ Fish and Other Ocean Animals Jokes.

There are tons of fish jokes here. We were not able to finish it in a day. Kids loved them and pitched a few to their classmates. Silly Kids! I would recommend parents to get their children a good joke book like this to read everyday. It's nice to always hear kid's laughter every now and then.

First off, it's a perfectly awesome read. I mean not only these jokes are hilarious, but they are also quite educational, since there are many species of fish mentioned, and we had to Google all of them while reading these jokes. And they are short which is also great for those kids who just learnt reading. Excellent book!
