Charlie Company: What Vietnam Did To Us

Synopsis

There were no homecoming parades for the million men and women who served in the longest war America ever fought...the only war it has ever lost. This is a book about 65 of those nearly forgotten men who soldiered in the late 1960s in a gook-hunting, dirt-eating, dog-soldiering infantry unit called Charlie Company. They were boys then, 19 or 20 years old on the average. The army snatched them up out of small towns, suited them up as soldiers and sent them off to a place they could not locate on a map to fight a war they did not understand. CHARLIE COMPANY is not a military history. It is not a record of battles or a moral commentary. It is instead a chess game viewed by the pawns. It is a collective memoir of the war and the homecoming, filtered through time and pain, anger and guilt, bitterness and forgetfulness. --This text refers to an out of print or unavailable edition of this title.

Book Information

Paperback: 358 pages

Publisher: Quill (July 1992)

Language: English

Customer Reviews

8 1.5-hour cassettes --This text refers to an out of print or unavailable edition of this title.

Good book. My brother-in-law was one of the veterans featured in the book. So this meant a lot to me to read it. Excellent service. I am always pleased with .

I bought this for a friend. I already had a copy, and liked it very much.

it was interesting book.

First read it years ago but loaned out my copy and never saw it again. This one in very good shape.

It took a while to show up and was kind of rough, but it was what I expected for what I paid. Overall I was satisfied.

This is a real snap shot of young men lives being effected by a war we never try to win

This book gives an excellent perspective of a useless war and how the brave men who fought were affected. one more required word.

love this book...great details of the members of charlie company...before/during/and after the vietnam war...great read and i highly recommend it
