Customer Reviews

Trey King has been reading and writing kid's books since he was little. He currently lives in New York City, where he likes to ride his bike and play video games whenever he's not climbing a tree.

Stickers are not reusable! My 4 year old was frustrated and disappointed by this book but he loves the characters

I was imagining the window cling like stickers that the kids can move from page to page and put in different scenes. These are regular stickers, you can get them off but it is hard and they rip so easily. My toddler son got like 15 min of entertainment out of this, then we had to throw the majority of it away.

My 4 year old LOVED this add-on to his Storybook Collection. Although, he was disappointed that

they would not stick to his bedroom wall. (I was grateful.)

My almost 4 year old boy loves this sticker book. I have to agree with the following reviews that the stickers do rip easily. I just wish there were more activity pages and stickers because my little guy had so much fun. Ordering another.

I've bought this twice. Once as a gift. Good level 1 books for kids who are frustrated with other boring level 1 books. The words are a little hard so expect to help.

Grandson and I had a lot of fun with this

Awesome book filled with Rescue Bot stickers. My kids are obsessed with rescue bots and they aren't as common as regular transformer stuff. I was so happy when I found these. They are repositionable/reusable stickers so they are perfect for little ones, especially ones who like to stick them to other things (they were easily removed from my table bench. I'd definitely recommend them to anyone

Difficult to find in stores but kept my boys entertained!
