These are great biographies - filled with silly cartoons, real artwork images and an easily approachable biography that kids can relate easily with. I have found other curriculums that use these books as the "reading" source and I'm really pleased with these books. I love that my kids are learning about the works greatest artist.

I teach kids art and the kids love this series of books! I do too.

The best, most entertaining books about great artists for kids. I love the interesting details that help kids relate and remember these artists.

Got for my 10yr old who loves art. Written to relate on kids level with lots of factual information. He really enjoys it.

Love it! After reading DaVinci and Michaelangelo, my granddaughter asked: "Are there any books about "girl" artists"? Thought Georgia O'Keefe was the perfect answer to her question. Love this series!

Good for teaching kids
