MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and out may pop dragons, cuddly monsters, wonderful creatures, and endearing critters. Drawing from his own childhood adventures for inspiration, Mayer has created one of the most cherished characters in children's books, Little Critter. He currently lives in Connecticut.

My 29 year old son grew up with little critter books I was so mad was one of our favorites our first read along and now my grandchildren are! Wonderful to start helping your child learn to read at home. Funny and relevant for small children and their adventures growing up!

My kids love these books. I read them to my 2 year old and 7 year old nearly everyday. Enjoyable for both ages. When I ask them to select a book for me to read, they usually select this one. It's also easy enough for my 7 year old to read.

Great book for helping children understand being angry when things happen and they don't get their way. Love the engaging characters and text...live the tiny secondary creature that can be found in each page.

My son has enjoyed the Little Critter books since preschool. He is now in first grade and still likes the stories. They are great for beginning readers.

We have enjoyed these books with kids for years and years. They are a joy to read and all the kids have loved them.

Terrible book. In the book the child gets angry and tries to run away. Until he gets his way on something. Then holds off running away until the next time he is told no. Terrible message - "if I don't get my way I'll just run away"

Good example book, because kids get mad...alot... So helps them feel normal while helping to explain why parents say no

Kids always love these... always a good buy.
