Food Displays (Dolls House Do-It-Yourself)

Synopsis

This book contains an extensive selection of step-by-step projects for making miniature food items for the 1/12 scale dolls' house. The realistic-looking meals range from simple fruit, vegetables and bread to "celebration food" and banquets. A comprehensive section, featuring the step-by-step techniques of working with polymer clay, involves shaping the clay, mixing colours, texturing and finally, baking it. The necessary tools and materials are also detailed, as well as how to put them to their most effective use. Colour photographs show the finished items and display ideas and instruction are given, from bread baskets to a complete table setting.

Customer Reviews

Sue Heaser is an experienced and talented craft author who has worked in the field for over 20 years. She studied at art college and university, and was an archaeological illustrator before turning her versatile hand to craft writing, designing and teaching. Sue has written two polymer-clay books for Northlight, in addition to several books in a range of other media. Crafts Beautiful, Dolls House World and Dolls House and Miniature Scene are just some of the magazines she contributes to. Sue lives in Diss, Norfolk.

This book is great for those who are fascinated with the art of making miniature food. Sue Heaser explains things clearly and tells you what products to use to get that "professional look". Good sized

pictures make it easier to understand the steps involved in creating miniature food using different types of mediums. Check out Sue's other great books. She's definately tallented when it comes to sculpting with polymer clay and teaching others how to do the same.

This book is perfect for beginners and in color!

this is great for a beginner as well as intermediate crafters.I had trouble getting the right scale for the food and she goes into a specific measurements that was very helpful.also fun to just look at.

VERY pleased. I have made several things and the instructions were very easy to understand and my projects turned out beautifully. Highly recommend!!

It's okay, but I like to see more modern time meals in miniatures.

This book is has great photos. The directions are really clear. Looking forward to making some of the items in this book.

Great book! Awesome pictures and instructions! Highly recommend it to anyone who wants to learn to make realistic mini food.

Step by step Instructions and pictures are great from basic how to's to beautiful presentations. Happy it was still in print. I lost first copy when I moved.
