Wonderful graphics and good quality paper! My daughter received as a Christmas present. She especially enjoys this book, since the designs are not as tiny or take all day to color like other adult coloring books on the market. Also helps that we have a Corgi, and a must-have for any Corgi lover!

This is a wonderful book! Drawings are charming and corgies are the dominant design. It is detailed enough to allow for lots of colors. Sent one to my mother and she loves it also.

I bought this for my wife, and she loves it. Cannot argue with that. The drawings are very cute, and my wife is enjoying coloring them. Most of the time our Corgi Chevy is right nearby so that is an extra bonus.

This book is adorable! I'm a huge fan of corgi related items in general, but the funny thing is, my male corgi's name is Scamp! And he also looks a lot like the illustrations, which makes me love this book even more!

This book is ADORABLE. The intricate details are therapeutic to color in and I feel happier just looking at that little corgi face on every page. Scamp is so pure. Thank you, Scamp. Thank you, Katie.

My friend loves corgis and she stresses a lot. My hope is that this adorable corgi book brings her joy and that she calms down as a result of coloring lol. We shall see. This book is super cute but the pages aren't as thick as most adult coloring books so I would only use color pencils.

All your corgi coloring book dreams will come true with this book!

Daughter is ahppy with her corgi coloring book. now to make them all look like her dog.
