Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Exactly what I was hoping for. I taught myself trumpet this winter for fun, and I'm totally enjoying

playing the pop tunes. This collection includes Bohemian Rhapsody, which really makes me happy.

Extremely limited book. Songs, most of which are one page each, consist ONLY of the flute melody. NO CHORDS, NO LYRICS. This means the book can't be used alongside other musicians (guitarist, pianist, vocalist) unless they have books of their own with the same songs in the same key.

I bought this book for a bar mitzvah present for a friend's son who plays the saxophone. I was told that the songs while difficult are not out of a relatively Player who's had A round a year of experience play potential. The songs are great! However I probably need more than 13-year-old.

Love hearing my daughter play tunes from here!

Found several songs that I had on my list to purchase and it was less expensive to buy this than the individual songs. Has a variety of songs and tempos so will give me a challenge for quite awhile.

This book arrived in time in excellent conditions. Flute players can enjoy and play some of the greatest songs of the twentieth century.

Bought this for my 12 year old grandson, he races home after football practice to practice music on his sax out of this book. School music bores him :) I recommend!

Had ordered another book from this publisher for alto and it had some good songs to improvise to. This book is not good in my opinion. Many of the songs are not even close to the melody etc.
