This is an out of date price guide. The listing should have told the year this was based on. This is a 2000 Copy right. I found a 2013 at the local library. This was not a good buy!!!!!!!!!!

great reference guide for the suggested value of your hummels...just have to keep in mind...with the economy in the toilet many people are liquidating their collectables...so they are only worth what people are willing to pay for them.....

In great condition even though it isn't very helpful for assessing value of hummels. Thanks.

Many photos make it easy to identify your pieces. Prices reflect the pre-ebay market glut and are wildly unrealistic now.

great book for explaining what you have at home for humbles!

Everything I looked for I was able to find so for me it was a perfect choice. My collection is quite small but I still cherish each piece.

Good book for antique lovers. Helps if you need to make sure that treasure you found is a genuine Hummel.

Great value, very happy with transaction.
