## Customer Reviews

Mary Engelbreit's aphorisms and artwork appear on millions of greeting cards and gift products. Her popularity continues to grow through the success of her books, calendars, home decor, stationery, and crafting lines. Her company is based in St. Louis, Missouri.

Awesome for a busy mom. Although I had rather the week start on Dunday :(

This is a very large, long calendar with many lines (2 feet long when opened). This would seem like a great idea for busy families, but the activity lines you write on, and the lines that separate each day are the same width. As a result, there isn't a good separation between days and the whole calendar blends together. I found it difficult to get an overall view of a month due to the size and busy layout. Also, unlike other calendars, this one runs MONDAY through SUNDAY. Since most

everything else I use has a Sunday-Saturday format, I found myself making mistakes transferring events. Lastly, the pages are a slick paper stock, and using a regular pen made the ink smear. I had to switch to using a thin permanent marker to write events or it was a mess. Although the quality of the calendar was great, I ended up recycling it after a month because it didn't fit my needs.

I live in the UK with four children and every year I hunt down this or Mom's Plan It calendar. Every day there is a separate space for each of us, including my husband as he uses the date space. We can see at a glance what everyone is doing without confusion. Get it - you will be really pleased you did and wonder how you managed before!
