South African pastor and author Andrew Murray (1828-1917) was an amazingly prolific writer.

Murray began writing on the Christian life for his congregation as an extension of his local pastoral

work, but he became internationally known for his books, such as *Abide in Christ*, that searched men's hearts and brought them into a deep relationship with Christ. Writing with an intensity of purpose and zeal for the message of the Gospel, Murray wrote numerous books even after his "retirement" at age seventy-eight.

This ebook is a must read for Christians and new believer in Christ Jesus, on how to know if they have received the Holy Spirit. It also includes the importances of the Pentecost when the believers of Jesus were first given the Holy Spirit. This ebook will help teach you how to strengthen your faith, and submit your will over to God, so you can receive this greatest of all blessings. The language might be a bit dated in the text, but it won't take away from the message. I highly recommend this ebook, and if you do purchase it discuss it with your religious leaders that can give their interpretation of the meaning of the Holy Spirit. May you be blessed on your quest.

Experiencing the Holy Spirit created a desire within my heart for a more intimate personal relationship with Jesus Christ. All I knew for certain was that nothing but Jesus Himself would satisfy the longing that burned in my heart. The bottom line presented in this book is that we must be absolutely surrendered to the Lord Jesus Christ coupled by a renewing of the mind brought on by the Holy Spirit.

An excellent expository of the need, empowerment and accessibility of the Spirit in the believer's life. This is a very deeply intense journey through the scriptures with a seasoned, devoted teacher of the Word. It could have been written today rather than more that a hundred years ago. It must be read in small doses with periods of deep thought and meditation. A very rich, probing, unparalleled study that will leave you forever changed!

This man was highly anointed. He tells the truth where most ministers are afraid to go today. IF they know it at all.

Truly, this is a phenomenal book. When nothing seems certain and things are always changing, one can put their trust in God. This book gives direction in everything pointing to God first and waiting in solitude for an answer. My confidence in God has increased.

The Church, dear brothers and sisters in Christ, seem to be struggling so much and the abundant

life in Christ seems so illusive. Living by the Spirit is what's missing today compared to the early Church. The Spirit leads us in a victorious life over sin, provides the beautiful love and character of Christ in us, and empowers us with gifts for building up the Church and evangelism. Andrew Murray shares how to live by the Spirit like a loving Grandfather who puts his kind arm around you and shows you the way.

I have just recently been introduced to this author. I love the passion that comes across in his writings. This was a very readable book. The print was large enough making the reading easy and pleasurable. When reading books or sermons by this author one cannot help but feel the Spirit stirring around within you. You feel a great need to read and absorb more of what he has written for he seems to absorb the word and makes it part of him and his writings make you want to do the same. Very inspiring book.

This book challenged me to consider why I was seeking to be filled with the power of the Holy Spirit. It has taken me a while to finish this book, but it was all in God's perfect timing. Currently being in a study of the book of Revelation and the letters to the churches, Jesus promises if we repent and return to our first love He will give us the power to overcome. How relevant this message is for the time we live. The urgency of being spiritually prepared for such a time as this should compel anyone who hungers and thirsts for righteousness.
