Customer Reviews

Used pressure cooker during childhood. Never used one after married. Really fastest, easiest, stress free, economical way of cooking. So happy to read these recipes to learn the joy of cooking that awaits me when my instant pot arrives. Don't know which recipe to try first!

If you are new to pressure cooking don't buy. There are better books on that will explain the recipes a whole lot better than this book. I been using pressure cookers over 30 years, electric and stove top and I found this book was hard to follow.

So easy to use and clean up ... and so many ways you can cook with it.

All instant pot lovers will be glad to have this nice new cookbook in their kitchen. Its design, photos, and structure really stands out. The way the IP recipes are put together is convenient and very pleasant. If you need a multipurpose cookbook that will help you getting along with the Instant Pot, I think you can go for it. It's definitely a win for me, so I am voting for this one.

Not enough explanation of ingredients. It says beans!, dry? Canned? Navy? Kidney? Confusing book.

This is a decent instant pot cookbook having a lot of delectable recipes and they are all simple to make. This book contains more than 200 recipes of dishes that can be cooked with a instant pot. I got these a lot of yummy menus that affection to share. Simple devices to do our cooking undertaking. Simply suggested..!

Ordered this by mistake! Don't even know what Kindle is! Tried to delete it but got charged anyway!
