Customer Reviews

It was a great book. I like the fact that each chapter was written by a different author. I would recommend this book highly.

Inane. Sorry I bought it.

Strange, bizarre, is the realm the unknown , we like to believe that the unknown is very, very rare , if we're more known than unknown. The study of the paranormal more common. The believe of unknow that you question your believe of what you know!

I have had my own experience with the paranormal and this book was great at telling other people stories.

I really enjoyed reading this book .It was filled with so many interesting stories. It was wonderful. I loved it!

Guess I was wanting something scary. Not this book. Interesting to read but not what I was expecting.

Collection of horror stories.

Usually enjoy a good ghost story. To be fair to these folks I should say here that I am a skeptic. Anyway, these stories are a bunch of hokey nonsense. BS is so thick it ruins the fun of reading a good old ghost story. Of course if you are a believer you may enjoy this book.
