This is a WONDERFUL coloring book! I absolutely love its simplicity, its size, and the quality of the paper. The book also makes me feel at home when I'm away. I'm currently traveling so having this book with me keeps me "connected" to my home. I also love that I can enjoy this book with my little neighbor who is my coloring partner. I can't wait to show this book to her! And of course I always appreciate what coloring in this book does for me ... it relaxes me physically and mentally; it frees up my mind; it makes me appreciate the simple things in life; it allows me to be in the moment. Bliss! It won't be long until I will be looking for Darcy's next coloring book!

My entire family loves this coloring book! It is age appropriate for kids as young as preschoolers because of the large scale of the pictures. It is also appropriate for older kids and adults because it has smaller scale portions of the pictures. We had so much fun coloring it because of the variety and the interesting illustrations. This is a great summer activity book for the whole family.

I bought this delightful coloring book for my grandchildren, for my 97 year old mom, and for myself. I will reorder for my nieces and nephews as it is so carefree and enchanting. We live close to the beach and recently traveled, I used my book to relax during our flight and while waiting for appointments. Countless people have asked me where I bought this book and I referred them to . The author has an amazing way to allow you to visualize being at the beach and lightening one's spirit. The grandsons loved the time they had to show their individuality in coloring the same

page..they had fun and the results were beautiful.My mother is in a memory care facility and we talked about the times we had at the beach and coloring brought her to a delightful awareness of wonderful times!Thank you Darcy Neils for creating such beauty and memories

Such a nice portable size, not too big, not too small. I purchased several to entertain the children that come to my office with their parents. The pictures are good for all ages & look very pretty when the colors are added. Would make a great gift with a set of highlighters or colored pencils.

What a beautiful coloring book! I sent this to my nephew and he absolutely loves it. The images are all about beach life and fun in the sun! I'd definitely recommend this to any child who loves to color.

What a charming and delightful coloring book! I like the square size of the book and all the wonderful drawings of boats, kayaks, beach, kid's, airplanes, sea gulls, dolphins, underwater sea life, beach signs, tractor, fire truck, car with a surf board on top, surfers, lifeguard station and other beach sights. I especially love the dog in the boat with the letter "B" on his collar tag....."B" for Blue! I'm looking forward to Darcy's volume 2 coloring book! This coloring book does not disappoint! I am recommending this fantastic coloring book to all my friends with children both girls and boys.

I bought this book as a gift for my niece and she is going to love it. All of the pictures are interesting and entertaining to color with any media. Love this coloring book!

This is such an great coloring book with adorable, nostalgic beach scenes. I purchased 2 for my office to entertain the children of clients that often come in with their parents. It is such a big hit that I am going to have to buy several more and keep them in stock. The children fall in love with it and want to take it home so I have lost the ones already purchased :) I plan to also keep a few at home for my nieces and nephews!
