Trolls, Elves And Fairies (Dover Coloring Books)

Synopsis

A wonderland of wee folk, this imaginative coloring book is populated by gremlins, pixies, giants, and other fantasy characters. In addition to mermaids, leprechauns, and other familiar creatures, these 29 images encompass a variety of lesser-known spirits: Befana, a good house-fairy from Italy, who brings toys and sweets on Twelfth Night; Sandman, an English nursery spirit who lulls the children to sleep by sprinkling magical dust in their eyes; Puddlefoot, the Scottish household brownie who both tidies up unfinished work and makes a mess of completed chores; The Cloud People, spirits believed by Pueblo Indians to bring water to crops; Alberich, the dwarf king, who possesses a magic ring, a cloak of invisibility, and a sword with special powers; Mab, Empress of Fairies, who rides a magical coach drawn by three butterflies. Colorists of all ages are certain to fall under the spell of these beguiling images.

Book Information

Series: Dover Coloring Books

Paperback: 32 pages

Publisher: Dover Publications (October 1, 2002)

Language: English

ISBN-10: 0486423824

Customer Reviews

Jan Sovak is an illustrator, designer, and fine artist recognized as one of Canada's foremost natural history illustrators. With advanced degrees in both fine art and zoology, Jan has had his work published in over 170 books in more than 15 languages. His illustrations have also appeared on educational television and on Discovery Channel Worldwide.

A few cute images in this book. However, the images are printed on both sides. See pictures for examples of what you'll find in the book. If you prefer to use colored pencils, this might be for you. As a marker lover, I am disappointed that I cannot use them in this book. Some of the images are kind of weird looking, too.

I never would've guessed my friend and neighbor, who drives a bulldozer for a living, would be the type to sit down with a coloring book but his colorings are beautiful and not juvenile at all. And he says, which also never occurred to me, that coloring is very relaxing. I never saw it that way as a kid but looking back, I guess coloring was actually relaxing. I'm very impressed with his, what I'm gonna call, artwork. He's somewhat picky about what he wants to color. The more detail in a pic to color, the better. And he's been very satisfied with the books I picked out for his birthday. He loves that the art of each of the pics to color is so detailed. He has bragged about my choices and so has anyone else who he's bragged to that I picked them out. I've never seen such beauty in a coloring book myself. I bought four of them and they all deserve the same praise so I guess I'll just copy and paste this review on each of the products.

Love the pictures in this coloring book. They are very realistic and the fairies actually have realistic, beautiful, faces. The trolls vary as well from a gnome like character to actual troll like characters. This book I think could be colored by any age group, young girls would think of Tinker Bell. An all around super cute and fun coloring experience.

I have to admit, this book truly takes you into the world of trolls and fairies. These adorable and funny trolls and fairies seem to be having the time of their life in all the adorable pictures. Cant wait to color the "sandman"! He's got this mischievous grin! These pictures are on both sides of the paper but the paper quality is good.

I bought this for a person that has mental health issues but is also an artist. I wanted it for when they can't think of anything to draw. There is a nice variety of pictures and not just the mainstream fairies. The person that go it as a gift was very happy with it so what more can you ask for.

this book is great i ordered it for my granddaughter for christmas and she loves busy pictures and these pictures are busy so i know she will love it

Daughter loved it. Excellent pictures and worth more than the price tag. Highly recommend.

This book is filled with adorable whimsical characters! It makes coloring or painting it fun and exciting to see the finished pictures! Not only made for adults but I'm sure kids would love it also! I would have given it 5 stars except that the pictures are double sided. That makes it hard if you want to use pens or markers. Other than that I would highly recommend it!
