Outpatient Regenerative Medicine: Fat Injection And PRP As Minor Office-based Procedures

Synopsis

This book is unique in focusing expressly on regenerative medicine in the aesthetic field. With the aid of more than 400 color pictures, it provides step-by-step descriptions of procedures that can be performed easily in the private practice. The number of people pursuing anti-aging and cosmetic procedures in order to achieve a youthful, healthy, or simply improved aspect is continually increasing. At the same time the available techniques and materials have undergone rapid innovation in terms of both safety and quality. The practitioner no longer looks just at the correction or camouflage of an unwanted feature but rather also aims to address the aging process itself. Regenerative medicine appears to provide a unique and unlimited opportunity in this context. Autologous fat grafting, adipose-derived stem cells, and autologous platelet-rich plasma represent just some of the attractive options that can be used for volume restoration and facial rejuvenation.

Book Information

Hardcover

Publisher: Springer; 1st ed. 2018 edition (April 9, 2018)

Language: English

ISBN-10: 3319448927

ISBN-13: 978-3319448923

Product Dimensions: 8.3 x 11 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)

After earning his medical degree at Milan University, Dr. Mario Goisis specialized in Maxillofacial Surgery. His field of clinical practice and research is Cosmetic Surgery. He is the founder and medical director of the Doctorâ TMs Equipe Cosmetic Surgery Team, which comprises a group of leading Italian medical practitioners. Dr. Goisis also acts as a consultant for national and international medical and scientific research organizations and has been a teacher and referee on the most recent advances in medical and aesthetic cosmetic corrections. As an invited speaker he has lectured extensively in Europe, Asia, and America, and he has published on aesthetic medicine and surgery in both American and European journals.
