# Presidential Dollar 2007-2016 Deluxe Collector's Folder: Philadelphia And Denver Mints (Warman's Collector Coin Folders)

## Synopsis

Each year four past presidents are honored with their image on a gold Presidential dollar. The first two sets of coins in the series feature "In God We Trust" on the edge of the coin, but beginning with the third set the motto appears on the "heads" side of the coin. The rich red, white and blue pattern on this top-quality folder creates the perfect backdrop for the beautiful Presidential gold dollars. This deluxe folder features 80 die-cut slots--for coins of both the Denver and Philadelphia Mints, along with details about each president.

## Book Information

Series: Warman's Collector Coin Folders

Hardcover: 4 pages

Publisher: Krause Publ (November 12, 2009)

Language: English

ISBN-10: 1440212902

Product Dimensions: 7 x 0.5 x 9.5 inches

Shipping Weight: 8.5 ounces

Average Customer Review: 3.4 out of 5 stars 24 customer reviews

Best Sellers Rank: #1,386,580 in Books (See Top 100 in Books) #87 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > Coin Folders](#)

## Customer Reviews

Man I can't wait to collect all of the Gold Presidential Dollars. It will probably take a while. Also, despite this product being used, it is still in pretty good shape. Hopefully these books will go down in price so I can buy a new one someday.

I've been a collector for a long time, since about 8, but I don't consider myself an expert. I have patience and enjoy the part of collecting the coins and stamps myself for my personal enjoyment. When I received this album I had some friends at home and they were curious about the collecting of coins. After all, it is something we use every day, but many people don't stop to see them, their differences or intricate designs. I had a few coins that I had saved that I wanted to put in here, so I gave them the opportunity to study the coins and place them in the album. They found hard to place the dollar coins in the cut openings. They're in fact very tight. I find this good because the coins will be secured in place, but some people may find this an issue. I tried different angles too

get the coins in place, but at the end I found that it all comes to placing the coin flat with a slight angle and pressing. Hard. The design is very attractive. I suggest care to be taken with the glossy surfaces because they might get scratched over time (after all, this is a 10+ years collection). In my opinion, this is a good album for collecting circulation coins. It is a nice display to show them and keep them secure and organized. I would not recommend this album for mint condition coins because it does not protect both faces of the coin. Enjoy your collecting :)

I bought this folder because it looked nice and I figured the slots would be the right size for my presidential dollars. I could not have been more mistaken. The dollar coins do not fit in the slots for them so you have to tear up the slot and basically pound the coins into the slot to get them to fit. Do not waste your time with this product, buy a different one!

I think a few other reviewers have mentioned it as well, but my gripe with this folder has been that the slots are I don't know how many 10ths of a mm smaller than it's going to be very very hard getting your coins into the slots without resorting to industry grade machines :) Ok, I am kidding about the industry grade pressure required, but it's still very hard to get the coins into the album. It is a little surprising considering that the slots have been perfect on the 'State Quarters album'. But it's at least better than the slot being too wide. Then your coins would simply fall down!

This will very great for collection of the President Coins! I have the Picture above for .com. God Bless the USA!

Had this folder for only a couple of months quarters falling through and folders coming apart having to use tape until I buy a better one

The slots for the coins are too small. I had to use a small mallet to get them in all the way. Not worth the time.

product if I remember arrived on time. price was awesome.
