Customer Reviews

This was recommended to me by my supervisor, and I put off buying it for about 6 months. I've been

in contracting for the Federal Government for about a year now, and I wish I would have bought it sooner. I use it on a daily basis. It's an outstanding reference tool. Gives quick definitions for contracting terms as well as location in the FAR or other sources where you can find them.

Not comment.

Very useful book for anyone in the federal contracting field. Pretty much covers any term you need on a day to day basis.

The book is a must have for anyone in Federal Contracting/Acquisitions.

Great resource if you work with acquisitions and the FAR.

Just what I needed!

excellent resource

Good book.
