Mrs. Noodlekugel And Four Blind Mice

Synopsis

Four farsighted mice get glasses and a talking cat solves a family mystery as the charmingly eccentric Mrs. Noodlekugel returns. When Mrs. Noodlekugel's four mice make a terrible mess with cookie crumbs at tea, she decides to take them on the bus to visit the eye doctor and invites Nick and Maxine to come along! The mice ride on Mrs. Noodlekugel's hat, while Mr. Fuzzface, her talking cat, has the indignity of riding in a carrier. Afterward, the hungry crew head to Dirty Sally's Lunchroom, but the mice overdo their cheesecake and run out the door. Luckily a policeman is at the ready to help with the search as is a rough-edged, yarn-spinning alley cat with a surprising connection to Mr. Fuzzface! It's all a day in the life of Daniel Pinkwater's whimsical characters, in a chapter-book series whose comical tone and cozy illustrations are sure to keep young readers coming back for more.

Four farsighted mice take center stage in the second installment of the Mrs. Noodlekugel series. Along with the mice, Mrs. Noodlekugel, Mr. Fuzzface (the talking cat), and children Maxine and Nick are having tea one afternoon. When the mice make a terrible mess of their tea table, Mrs.

Noodlekugel declares itâ€™s their bad eyesight. So off they go to the oculist for a fitting of mice-sized glasses. Itâ€™s rare to find a subplot with any real substance in a short novel for younger readers. However, Pinkwater has provided one that involves the search for Mr. Fuzzfaceâ€™s missing father. Clever, as always, Pinkwaterâ€™s quirky story with a touch of whimsy will amuse many readers. Grades K-2. --Martha Edmundson --This text refers to the Library Binding edition.

If Pinkwaterâ€™s first Mrs. Noodlekugel book didnâ€™t persuade readers, the second one will: itâ€™s Mrs. Noodlekugelâ€™s matter-of-factly loopy worldâ€™we just live in it. ... Stowerâ€™s sly, sweet illustrations provide piquant punctuation for Pinkwaterâ€™s special brand of nonsense...â€™Publishers Weekly (starred review)

A great early chapter book. A funny but simple story line that is easy for an early reader to follow while making his/her way through new words and ideas. Both my daughter and son have enjoyed these books.

My seven year old son loves these books. We had to order two sets so he could give one set to his first grade teacher.

Cute book and great transition to chapter books for 3 year old.

great book for young and old would recommend to all,I don't want to spoil it by telling the story, BUY IT.

No one does deadpan nuttiness better than Daniel Pinkwater. From early readers through YA high schoolers these are books for kids with an eye on the absurd. This book falls into a middle grade category, I think. It is informed by Pinkwater's signature narrative style - an oddly formal and restrained yet silly approach that treats even the most unusual situations as perfectly normal and unremarkable. This often has the effect of transforming the mundane, trivial or commonplace into something strange and magical. Here, two siblings have befriended the old lady who lives in a house entirely penned in by surrounding apartment buildings. They can only get to her porch by walking through their apartment building's boiler room. Mrs. Noodlekugel has a talking cat and four farsighted bumbling mice. The kids get to visit her often and the gang goes on various urban

adventures while Mrs. N. tells fantastically odd stories and makes remarkably eccentric observations. It's strange and comfortable at the same time. You will most probably wish that you could eat cheesecake with this gang at Dirty Sally's Lunchroom. All of this works because of the characters Pinkwater favors. Regardless of the ages all of his protagonists are capable, resourceful, unflappable and mildly bemused by the situations they encounter. They are armed with keen insight. They are also curious and courageous, and completely attuned to the absurdity around them. Whether it's a piano playing talking cat, a giant chicken, a lizard musical band, a cat-whiskered girl, or an alien hamburger stand, these heroes and heroines bravely step forward to see "what the heck this is all about". I doubt you could read a lot of these books one after the other; it would probably get to be a bit much. But, for a spicy diversion this might be just the right choice for an adventuresome reader. Please note that I found this book while browsing the local library's Kindle books, and downloaded it for free. I have no connection at all to either the author or the publisher of this book.

Very well. good . so fast, receive it next day . I have bought several Bread products recently as I have started to make homemade bread. This product was reasonably priced and does an excellent job slicing our bread thick or thin. A buyer should not be fearful that this product is below par - very good product at a good price! Don't be afraid, just order the product and enjoy your bread. the old one has been broke in my family ,

Great story, up to the best Pinkwater standard. Though the voices are a little hard and difficult to keep distinct from the voices of the polar bears in two bad bears.
