Roughly translated into English as “Leave Luck to Heaven,” the Japanese company Nintendo is the world's largest and most influential video game company. In 1985, Nintendo revolutionized the video game industry with its introduction of the Nintendo Entertainment System game and the Super Mario Brothers game. Nintendo continues to transform the video game industry through its design and product innovations.

My wife and I really like how the bottom half of the calendar is themed to match the image on the top half instead of just being your typical solid colored grid. At first I was worried that having artwork on the bottom half of the calendar might make it hard to read notes and dates but it hasn't been an issue.

Love the pictures throughout the calendar! I also really like the colors throughout the calendar pages, but there are two problems associated with that: 1) The shiny finish on the pages makes it impossible to use a pencil to write down appointments and such and 2) The darker colors on certain

pages make it impossible to see what I've written.

Item was exactly as described and received by estimated date. Great experience - will shop with you again!

This is the greatest calender I've ever had. I absolutely love it. I can't wait for July!

I gave this as as gift to a family member who loves classic video games. He said it was cool. I looked at the pictures on the back. It shows images from the NES Super Mario game that we played a lot in the 80s and early 90s. I like that it is all about that one game.

Being a child of the 80s and needing a calendar, I finally found one I enjoy having at home and the office.

There isn't much to say about the calendar...it is about what I expected. All of the months are there and have some cool retro mario themes. However, if you like to write on your calendar as I do, you will find that your pen will bleed through to the next month. I recommend writing with a chisel tip sharpie and writing quickly and lightly.

I just received my calendar after noticing I still had a 2015 calendar hanging on my office wall. The quality is great, the pictures are clear/pretty, it has a different design on the calendar portion, and it makes me think of all the times I played Super Mario when I was a kid. Bonus points for that nostalgia.
