Customer Reviews

This is a very good book, one of the best I've read on the topic of mental toughness and mindset. It is concise and to the point.. I especially liked the SEAL Missions and Conquering Fear chapters. Very well written ÃƒÃ¢Ã ¬Ã œ worth the investment!

This book met all expectations. My son is a wrestler and ever since he read it and began utilizing some of the techniques, we can see that he is more confident. He's been destroying everyone at tournaments. Looking forward to see what happens this year.

Very good read. Very informational and to the point. Only reason why I'm not giving it five stars is because it's only 100 pages. I finished the book in 30 minutes. I feel like they could of added more to it but all in all it's a good book.

I thought there might be more information

I found this book a little self-congratulatory, and it was very similar to The Seven Habits of Highly Effective People, but it was good. I believe it was fundamentally correct. It was concise and informative

as described.

Awesome book

I highlighted very much of the book to go back and re-read when I feel I need a reminder of the powerful advice this book holds. I also have a much greater appreciation for our Navy SEALs.
