Team Mom (Finding Love Book 1)

Synopsis

Julie's calm life is thrown a curve ball when her brother arrives the night before his seven-month deployment asking her to take care of his son. As a preschool teacher, she's used to dealing with toddlers, not nine-year-olds. Noting her nephew's interest in baseball, Julie signs him up for little league. She's anything but thrilled to find out that his coach is a celebrity. Eric returned to St. Marys to lick his wounds and start over. But even in his hometown, he's known more for his unfortunate appearance on a reality dating show than for his seven years in the major leagues. All he has to show for that poor decision is an ex-wife and a broken heart. Julie's obvious disapproval makes her the perfect choice for his team mom. If she doesn't like him, she won't cause any problems. But will that be enough to keep his growing interest in her in check? And as Julie's preconceived notions about sports figures slowly unravel, will she be able to resist the man behind the public persona?

Romance

Customer Reviews

I loved this story, it was sweet, clean, and most of all it was just a straight forward book, without conflicts and huge misunderstandings you usually get in a romance book. The slow building romance was a pleasant surprise, too. Little Jordan was so precious, and let's face it....I've always be a sucker when it comes to animals and kids. I loved the playful interaction between the two brothers, Eric and Matt. They were hysterical, without trying to be. Just seemed so natural and real, but so did the relationship between Julie and Eric. I was so impressed that I just downloaded the next book in the series.

This is the first book I've read from Delaney Cameron and enjoyed it immensely. Julie has the good fortune of keeping her nephew, Jordan, while his dad is in Iraq. Jordan is on a little league team and they meet Coach Eric Gibson. Julie is asked to be Team Mom and through interacting often the bond building a relationship. I really enjoyed Eric and Julie's story and can't wait to read Matt's story in book two. Thanks for a enjoyable and entertaining story Delaney Cameron. I look forward to reading more of your work.

I've been on a somewhat "clean" kick lately, preferring less sex and more love in my books. Team Mom satisfied on that level but it was a bit too drawn out to be of any real substance in my opinion. Julie and Eric meet when she brings her nephew to his first baseball practice that Eric is coaching. The conflict between them was rooted in the fact that she was the team mom and they didn't want to cause a scene by dating. Eric's backstory of being a semi-famous ball player disgraced on a reality dating show played into Julie's aversion to him at first. Over the course of the games and slowly getting to know each other, Eric and Julie start developing feelings of respect that turns to more. It's not that the book didn't keep my interest because it did. I found myself wanting to see how things ended for Julie and Eric. I actually enjoyed most of their romance. There was just something about it that kept it from being stellar for me. Whether it was the extremely lengthy chapters (10 + epilogue) or the overly perfect people, I'm not sure. Eric was this super understanding, patient and caring guy. He had some personal issues that plagued him throughout but he never lost his temper. Never got mad or said something hurtful when backed into a corner. I'm sure there are people like that in the real world but for ME, it didn't feel genuine to being human. I know I would've have said some nasty things to people I KNOW are avidly trying to hurt me. He just kept quiet and went about his day. Julie was a little more believable to her character. A preschool teacher she had the demeanor to match, always speaking gently and being a sweet-natured woman. It felt a little too easy the way things just worked out for her and her nephew.

Jordan. His father was away in the military on scary missions and Jordan didn't act out once. He was respectable, well mannered and did as he was told. What 9 year old behaves like that? Jesus might have but I'm not sure your every-day, average child would. I did like that Julie didn't just swoon over Eric and actually thought out her reaction to him. To me, the story was just too damn perfect. I still finished it and enjoyed it for the most part but it read more like a Disney fairy-tale than something rooted in reality. There was no conflict, no indecisiveness. Just a long courtship between two unsure people with a sugary ending. I'm not sure I'll continue with the series but if you're in the mood for something super sweet and clean, this will hit the spot.

Just a lovely story. A heroine you can adore, a hero you can fall for and a love story you can get lost in. Well written. No cheesy catastrophes. Clean and well worth the read.

Sometimes it's nice to read a sweet undemanding romance. This was one of those books, and it was more. He had previously been married to his reality bride sweetheart. Her love lasted for three months, until she had secured half his fortune and almost ruined him professionally. He started coaching Little League baseball. He found himself very attracted to the aunt of a young player. She was filling in for her brother by caring for his son when his wife let them down. He could not believe the sweetness of love with an honest woman. She could not believe such a gorgeous hunk could be attracted to her.

Eric and Julie are well developed characters. The progression of their relationship was just right. Because of Eric's past, Julie was not immediately impressed with him. As she got to know him she found he was nothing like the persona that was public "knowledge". This is a wonderful story with a great happily ever after.

Loved this book! It was clean and sweet. Eric was swoon-worthy while Julie was so confident. Though maybe not billed as "inspirational" in some markets, it was certainly inspiring to me. I can't wait to read the entire series. I am definitely a Delaney Cameron fan.

This really read a little amateurish to me. I liked that it was clean but just seemed a little too much like a fairy tale. Wasn't much realism in it for me.
