Dani Kates, is a New York based illustrator and designer. Her talents for art & design together with her passion for color and playfully silly personality all contribute to her success as both an illustrator and as a designer. Long before adult-coloring books were introduced to the world, Dani was turning store-bought children's coloring books into adult-coloring books for her own enjoyment. She would buy a simple coloring book and fill the pages with fine lines and details with a thin black marker. A plain dress would become intricately patterned and adorned with ruffles and buttons before it was ready to be colored and a puppy's fur would be filled bows and stripes. After some 15 years of doing this to every coloring book she bought for herself, she decided to start creating her own coloring books that other people could enjoy too! The moment you open any Dani Kates coloring book, you can immediately see the incredible attention to detail and effort that she puts into each page she designs and you can feel the energy and passion that she puts into her work. Dani has designed

and created artwork for Girl Scouts, Tootsie Roll, Nestle, and It'Sugar, as well as for KanDi Jewelry, her own line of candy-themed accessories for girls. --This text refers to an alternate Paperback edition.

I bought this for my daughter for her birthday. She loves everything emoji and has been coloring a lot of the adult coloring books lately. This Emoji coloring book was the perfect combination of those and she loves it. She usually colors with gel pens or sharpies for more vibrant colors. The pages are about as thick as printer paper so you will need to put something behind the page if using markers so the colors will not bleed through. The pages do not have perforation so they are not that easy to remove from the book. There is a nice variety of pictures to color in this books, some are really easy and others are much more complex. Perfect coloring book for anyone who loves emojis!

With 24 coloring pages FULL of emojis you are sure to find a page for all your friends and family to enjoy. You will find the emojis in the sun, rain, as butterflies, traveling on a plane, as gold coins in a treasure chest, on purses, necklaces, jewelry, shorts, at the zoo and farm, on a Ferris wheel and even on pizza and ice cream! Yes, the variety is endless. This book measures 8 1/2" x 11" so the designs are full size. The line art is reasonably thick so easy to stay inside the lines for even the younger crowd of colorers but there is still plenty of detail for the older crew who want to be more inventive. This coloring book is printed in the USA on bright, white, reasonably thick paper. I used markers and they did not bleed through. Would I recommend this book? Yes! If you are an emoji fan then this is definitely one you don't want to miss. I was provided this book by the author. My review has not been influenced by that fact. What is written above are my true thoughts and opinion.
Thanks, Liz

Exactly as pictured/stated. Great item.

Daughter loves it

It was awesome! My granddaughter just loved it!!!

This is so cute!! I ordered it for my niece for her birthday, which is next month. Her mom said she's gonna love it!

A coloring book that isn't worth more than \$1.00

As advertised
