Lynn Atkinson Smolen, PhD, is professor of literacy and teaching English as a second language at the University of Akron, Akron, OH. Ruth A. Oswald, PhD, is associate professor of literacy at the University of Akron, Akron, OH, with 25 years teaching experience in elementary classrooms.

Got this for a class. Has some good resources in it, so the book itself is a good resource, at least for browsing through for teaching ideas. The Kindle version had no flaws other than no page numbers so I was unable to follow along with the reading in class. I gave up and rented the hard copy rather than guessing where to read for class and being unable to properly reference page numbers for papers without consulting someone else's book. Waste of money in my case- wish I could have figured out how to return the rental. Would be perfect format if only the page numbers were listed.

Wow... this is definitely one of the most valuable books on my bookshelf. I can't get enough of it. It

contains limitless resources for educators of literature. I find myself returning to it over and over again. I highly recommend this awesome and masterfully compiled volume. It couldn't have come at a better time.
