Customer Reviews

Fans of the cast recording will not be disappointed with this book. Unlike some piano/vocal selections from musicals, this one contains most all of the selections on the CD except for the opening number, a reprise and perhaps one other. And the arrangements are not simplified beyond recognition. The music is both beautiful and singable. It was well worth the wait for this collection to be published.

This one is one of my new favorites! The music is translated very well from the original songs (with a few exceptions). The biggest disappointment for me was "I thought that I could live", where the climax of the song was a little shaky. That is the only reason I give it 4 stars instead of 5! Definitely an excellent score and must have for musical lovers

The music is mostly written with the melody in piano. Not very difficult to play and is one of his more melodic works

I love the music, it is easy to read and beautiful to sing. It is a little hard to accompany, but it is a still fantastic
