Customer Reviews

I'm giving this one star not because of the content, but because of the packaging and the condition in which it arrived. The book was all crumpled and had holes poked into it, sometimes right into the notes. What's the point in ordering this when it is faster, cheaper and more legible to just find a PDF online and instantly print it at home? You might get lucky as I have in the past if you order several of these at once, as the packaging may become sturdier. For just one of these with very few pages I wouldn't recommend it. I know it is not fair, but it is not fair to me either that I order this and all I got was a crumpled, Swiss cheese mess.

This is printed clearly and is easy to read. I disagree with some of the pedal markings, but it's a great edition. The only thing I think was missing was a brief synopsis on the piece and some musicological information.

the Alfred Masterwork editions of classical piano solos are my favorite for all my students. You can not beat the price and prime 2 day shipping!
