I have this by my bed as a sort of secular daily devotion, or at least a reminder to meditate daily on the more peaceful side of life (especially important with an infant in the house). This book quite

substantial and is beautifully designed with stunning images and even a ribbon bookmark. I love the range of quotations (literary, political, pop cultural, etc) and almost all of them leave me with a moment of deeper perspective and introspection before I start my day running around with a five-month-old.

Got this as a gift for a friend. Inspirational and not heavy handed.

Can flip through the pages and get quick calming thoughts. In this political season it helps.

The pics are gorgeous and evocative but the writing didn't impress me.

A beautiful book. I was given the book for my birthday and have purchased three other books for gifts. My granddaughter is going to college in the fall. Her younger sister is going to miss her so much. I gave a book to each girl so they can share the quotes when they skype with each other. They were so happy to receive them.

Lovely book. Fantastic photography and thought-provoking quotes.

wonderful book.

Read day-by-day or just open anywhere. You will surprised and delighted. The photographs are impeccable National Geographic. Quotes range from Oprah and Mother Theresa to everyone in-between. No disappointment here.
