Teen Makeup: Looks To Match Your Every Mood

Synopsis

Tweens and teens will love this fun, photo-packed guide to makeup from one of the industry's top professionals! Novice users get all the basics they need—tips on tools and application techniques, ways to use color, and steps for basic skin care. More than 35 looks are then grouped by "expression" to represent the many moods of teen girls. Classic, sweet, cool, sporty, retro, glamorous, and outrageous—each mood is made up on five or more real girls with a variety of coloring and face shapes. As readers go through the book, they see each girl transformed with numerous looks. Teens also learn to express their astrological personality, with a color palette and special look for each zodiac sign. Teen Makeup is not about covering up defects or hiding who you are, but about the empowering ways makeup can be used to express your true self. For girls ages 12 and up—A cast of real life teens are transformed with numerous looks throughout the book—Author was head makeup artist for Helena Rubenstein and has worked with other top cosmetics companies, including Lancôme—Includes tips showing how glasses and braces can be transformed with makeup—Also available from the same author Makeup (0-8230-2981-6)

Customer Reviews

Grade 6 Up—This makeup artist to the stars has created a glossy, how-to guide for teens.

Using a diverse group of young women as her models, Mason transforms them using seven distinctive makeup looks: "classic," "cool," "sweet," "sporty," "retro," "glamorous," and "way-out-rageous." The colorful, well-composed photographs show each look, while additional illustrations help re-create it. One section offers essential tips for good skin care and basic makeup techniques and another discusses matching makeup to one's star sign. The list of basic colors and types of makeup doesn't include brand names or exact colors, which may frustrate those looking to copy the look exactly. Fans of beauty how-to books will definitely enjoy the visual presentation. Readers particularly adept with a mascara wand and eye pencil will want to try out the tips featured in the book. Some of them may require a more practiced hand, but teens will appreciate knowing about them nonetheless.

Linda Mason has been a makeup artist for more than 25 years. Her client list includes numerous music stars, Hollywood celebrities, photographers, art directors, and fashion designers, including John Galliano, Jean Paul Gaultier, and Thierry Mugler. She has worked with Seventeen and YM magazines, and has her own teenage daughter. She lives and works in New York City.

bought this for our middle school library and it has been a great success, especially with a special needs student who is a reluctant reader. This books caught her attention and she has read it voraciously

Perfect for my niece! Classic makeup styles as well as fun funky play styles. Great tips for eyebrows and skin

The title of this book is misleading, because when I hear the word "teen," I usually think of pink glitter, sleep over parties, and garish makeup. Apparently that's not what Linda Mason thinks of when she hears the word. The book is well-written, with detailed descriptions of all makeup application techniques and makeup items, and she assumes nothing of the reader. The techniques she demonstrates are useful for everyday wear and perfect for anyone that's had trouble coordinating their eye and lip makeup without looking like a clown. Moreover, Mason includes girls of many races, with different facial structures, hair and eye colors, and recommends makeup techniques for almost all of them. Overall, this book is perfect for teens and adults alike - the only

reason I gave it 4 out of 5 stars is that she sometimes assumes that consumers have more access to professional makeup than they do (she advocates mixing primary colors in addition to using pre-mixed ones, etc). Give this book a try; you won't regret it.

a little dated and doesn't cover a lot of the basics....purchased for a tween granddaughter---it did not capture her interest even tho she loves makeup

Great photos and easy to read, purchased for a tween birthday gift along with other things to go into a make up goodie bag, she will love this book. Thank you!

I bought for my daughter and she looked at it and said it was not very helpful for any purpose of doing makeup different ways,she knew everything in this book and more.

Wasn't what I thought it would be.

It arrived severely water damaged
