Pest - Mice And Rats Rodent Control: Standard And Natural Ways To Eliminate Rat And Mice Infestations For Good! (Natural Pest Control, Extermination, Get Rid Of Rodents)

Synopsis

Mice – In MY House? There Was That One Day – There was that one day – the day you – I will never forget. You were casually watching some television while dusting your living room furniture. Everything was nice, tidy and EXACTLY how you want it. Little did you know that there were critters lurking in the deep corners of your house. Suddenly, in a blink of an eye you see a grey fuzz ball whiz by you! It was all so sudden. What could that have been? Oh no – could it be – you have mice in YOUR house? I Know the Feeling I know the feeling. I was quite traumatized the first time I found a mouse in my house. The image I had of my house turned from being clean and pristine, to filthy and horrid. I imagine that you are currently in the same shoes as I was. So you want to get rid of these mice correct? Good! Let – do it. After reading this book, you will have been equipped with an entire arsenal of tools to get rid of your pesky friends. You will learn the different types of rats and mice that exist, how to identify them, and most importantly how to get rid of them, for good. I focus a lot on safe and natural techniques on how to get rid of your infestation, as well as more traditional ways to get rid of mice and rats. The sooner you evict your uninvited rodents – the sooner you will feel comfortable inviting guests over, the sooner you will prevent destructive damage, and the sooner you will get a good night – rest! Have faith, I will show you the way. Customer Reviews

Easy to read, very good info and easy to use ideas. More info than I wanted to know on mice and rats but what I needed to get them out of my house.

wouldn't recommend as a birthday present for any pet hamsters / mice etc
