Customer Reviews

I bought these for my third grade classroom. They are great for the biography genre and then to use for report writing. The three years I've used them so far the kids LOVED them. Easy for their reading levels, informative, and people they have heard of in their lives. They would read their own and then read other that they had heard of. Could have left these books out 1/2 year and they would have still been reading them.

A popular book in my class library.

I bought this for my 7 year-old daughter prior to a trip to Washington D.C. The books are for a more advanced reader than a 1st grader, but contains engaging stories, drawings, and historical facts. My daughter enjoys having these books read to her! It's a win-win situation having her learn about the history of the U.S. and having fun at the same time.

Great price and fast shipping.

Perfect!

Perfect, quick reads for my 1st and 3rd graders!

Great book for my 2nd grader.
