Best Sellers Rank: #451,946 in Books (See Top 100 in Books) #83 in [Books > Cookbooks, Food & Wine > Special Diet > Cancer](#)

Customer Reviews

This book is smaller than expected and is paper back, however, it still has a lot of great tips and recipes. It's contents are roughly 40 pages, some of which are not even the contents of the book, but you get what you pay for!

36 pages, including title page and two pages of table of contents!!!! Not worth the money! They don't number the pages, probably because of lack of content. And, even though they claim that cooking with cannabis is more than "just ...crumbling a bud into your ingredients," that is pretty much all the guidance you get, and then 7 pages of recipes that you could have used from any cookbook. What a waste of money.

My goal is to make cannabis extracts and tinctures, so I guess I will continue looking. However, the author does a good job explaining other extraction methods and provided good recipes.

Cannabis cookbook is all about cannabis cooking. Marijuana is a great plant but still not appreciated as much as other useful plants. This is not simply a cannabis book of recipes but also a guide to the proper usage and understanding of the strains of cannabis. I recommend this.

This book only covers the most basic elements. It tells how to make butter and oil for baking and that's about it. There is nothing here on wax or essential oils.

I never knew that I can make some different kinds of delicious cookies out of a Cannabis! I am so glad to have found this book! The recipes and all the information about the drug and extracting it are so detailed and very helpful! You guys should check this out! :)

Too short and simple to be of much use. Doesn't cover nearly all different kinds of extracts. To call this book "Complete" when it is only about 30 pages long with large print and lots of white space is crazy. My favorite sentence in the BOOK (as in printed on paper) is at the end where it says "Click here to leave a product review"

Good Product , quality and price
