# In The Box: The Screenwriter's Simple Guide To Telling A Great Story And Finishing That F\*\*\*\*\*g Script

## Synopsis

I believe in story. I believe that stories can change lives. I believe that the right character can make a young boy brave, or an insecure girl confident. I believe that the right story can inspire the idle and even destroy the wicked. I believe that no great lesson is taught without a story, and no great story is told without a lesson. I believe we are all storytellers. All of us. We all just need the proper guidance and be taught the proper skills. This book will give you that.

## Customer Reviews

Great book, Simple, Instructive, and as he said very straight to the point. Book felt very personal and as if he were giving a 1 on 1 lesson. would love to see a more in depth book soon, but it definitely made me go back and rethink how I'm planning to move along with my story. surprisingly quotable too haha, "just because you have a Solid recipe doesn't make you a master chef"(love it). All in all great book!

This book is simple and really easy to read and use in my writing. A great reference for screenwriters.

I enjoyed this book immensely!! I made my way through it in one sitting but had to go back and re-read it. It's packed with information. The chapters on creating characters are my favorite, because I struggle to come up with round characters. Highly recommend it!

That book really helped me with my personal projects!
