NOT happy with item

Ok

Quite helpful.

Very informative! Every thing is in there!

This 240 page, softbound 3rd edition has more than 400 full color and over 400 large, sharp photos covering more than 1,500 Beatles collectibles. Many of these items were not previously documented. There are more than 300 new items from the previous editions of this book. You'll find plenty of text accompanying the pictures, descriptions and values. Topics range from Yellow

Submarine, pinback buttons, books, magazines, sheet music, record promotion, trading cards, to fan club items, concert tickets, original ads and how to identify repro and counterfeit items. A treasure trove of information and a joy to browse. Every Beatles fan will enjoy !

This 225 page softbound volume (3rd edition) contains a wealth of information for the Beatles fan. It covers every type of Beatles collectible. Major topics range from Yellow Submarine, Pinback Buttons, Pennants and Books to Movie Items, Record Promo Items, Fan Club Items, Trading Cards and concert items. Scores of items are pictured in full color and black and white. Each item is described in detail. There is even info on reproductions and counterfeits. Everything is priced, although prices are from 1997. Every Beatles fan, collector or not will enjoy this great compendium. Add it to your collection.

I was disappointed with this book due to the fact it needs to be updated from 1997. It only covers Beatles memorabilia, not records or albums. Didn't cover autographs. Only covers pricing for early Beatles items, nothing current or the Beatles as individual artists. If you need a price guide for early items and don't mind the book being outdated by 4 yrs, this is the book for you.

This book is a must have if you collect Beatles memorabilia. It's the most complete guide I have ever seen.
